SOUTH SIDE FESTIVAL 2024

Greetings to all and a warm welcome to South Side Festival 2024.

This year we celebrate the transformative power of the arts in shaping cities. The festival will showcase how artistic endeavours can breathe new life into our urban landscape, stimulate creativity, and foster a strong sense of community. Through engaging stories, captivating performances and immersive experiences, we aim to bring people together, igniting connections and conversations that endure beyond the duration of this exciting festival.

Our focus this year extends beyond the creative realm to the environment. Join us in upcycling fashion workshops, embracing sustainable practices, and being active coastal caretakers. By weaving environmental consciousness into the fabric of the festival, we hope to inspire positive change and a sense of responsibility towards our beautiful bayside surroundings.

As we embark on this new creative and exploratory journey together, I invite you to immerse yourself in all South Side Festival has on offer. It is more than a series of events; it is a celebration of our shared humanity, our creativity, and our commitment to making Frankston an even more vibrant and inclusive place to call home.
