

EastLink

**Instructions for completing an online
induction to the EastLink site
and uploading of qualifications**

STEP 1 – Ensure your Company has a valid site agreement in place.

Prior to accessing the permitted system, all Contractors are required to have a site agreement in place. Please check with your EastLink representative to ensure you have a site agreement in place. If a site agreement is not in place, provide your Company details which must include your Company’s ABN number to your EastLink Representative.

When the agreement has been approved and set up, you will receive a confirmation email.

Please ensure your Company’s site agreement is set up prior to registration, as this will affect the automatic issue of induction from the system.

STEP 2 – Register Online

In order to access the online induction, subcontractors and their staff will need to register online. Please navigate the link: <https://www.permitted.com.au/registration.php>

Follow the registration steps below, **employees will need to use individual email addresses or mobile phone number.**

Your ABN will also be required for registration to ensure your company is registered in the permitted system.

Select the 'Induction Waiting' tab to begin your induction. A screen will appear with any applicable inductions:

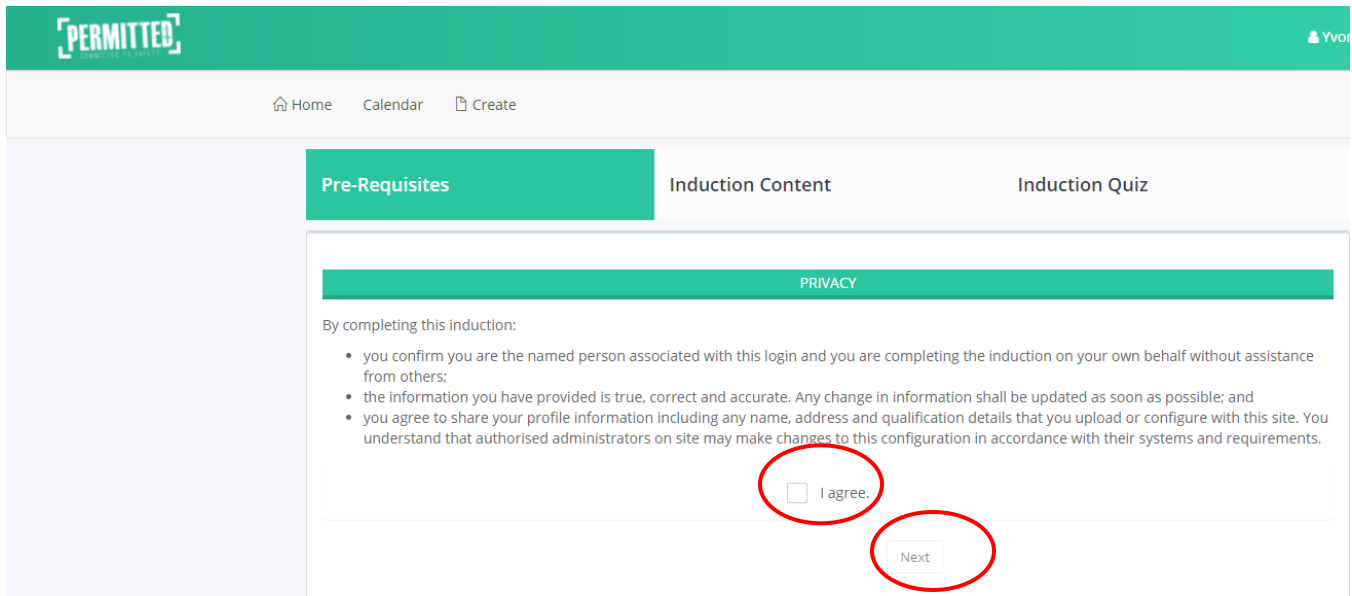

You may have more than one induction invitation. Select 'EastLink General Induction – Begin'.

If you do not have **EastLink General Induction** available, please contact: ybuntsma@connecteast.com.au

Pre-Requisites

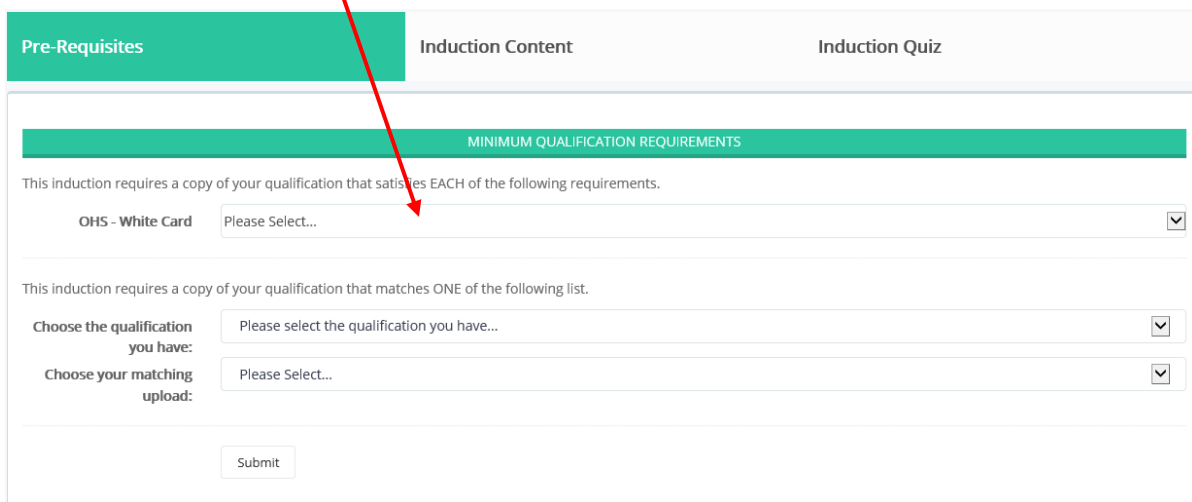

The following screen will appear:

The minimum requirement for working on EastLink is to provide a copy of a White/Red Card (also known as Construction Induction Card) and a copy of certified and current photo identification. Typical certified photo identification is driver's license, passport, Working with Children's Card, National Police Check, Worksafe High Risk License etc.

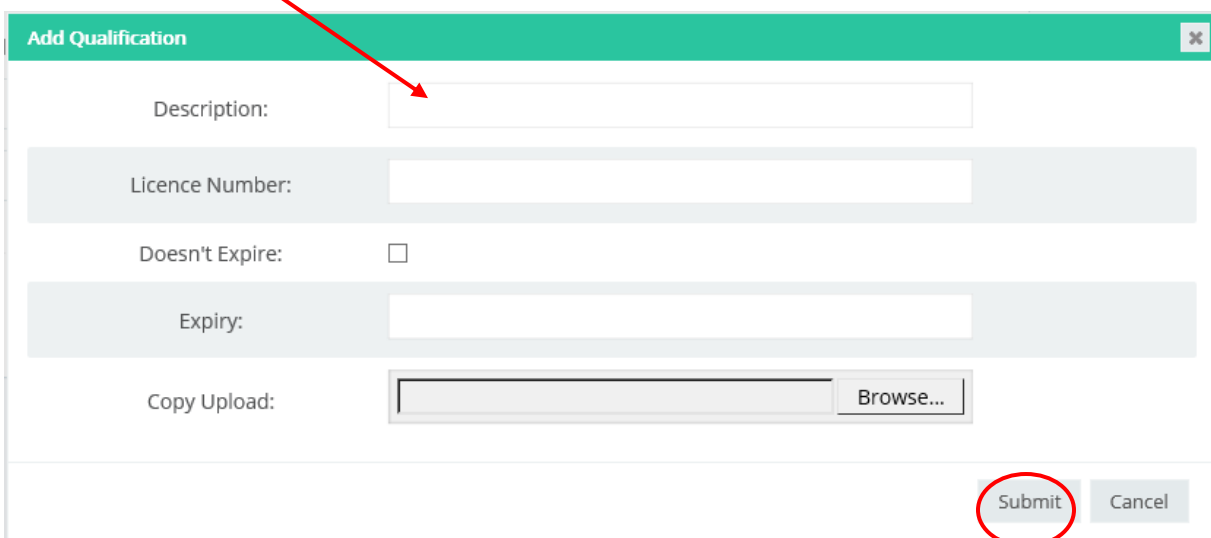

Note: Under the Victorian OHS Regulations 2007, working on or adjacent to a roadway is classified as high-risk construction work and requires Construction Induction Training. If you do not have a Construction Induction Card please contact Yvonne Buntsma on 0407 398 533 or ybuntsma@connecteast.com.au to discuss. Dependent on the works being performed an exemption may be provided.

Select Upload New on OHS – White Card drop down box:

The screenshot shows a web form with three tabs: 'Pre-Requisites' (active), 'Induction Content', and 'Induction Quiz'. Below the tabs is a green header for 'MINIMUM QUALIFICATION REQUIREMENTS'. The text states: 'This induction requires a copy of your qualification that satisfies EACH of the following requirements.' There are three dropdown menus: 'OHS - White Card' (with a red arrow pointing to it), 'Choose the qualification you have:', and 'Choose your matching upload:'. A 'Submit' button is at the bottom.

Enter details of qualification and submit (Note. A White/Red Card does not expire):

The screenshot shows a modal window titled 'Add Qualification'. It contains several input fields: 'Description:', 'Licence Number:', 'Doesn't Expire:' (with a checkbox), 'Expiry:', and 'Copy Upload:' (with a 'Browse...' button). At the bottom right, the 'Submit' button is circled in red, and a 'Cancel' button is next to it.

Repeat above step for Driver's license/photo identification.

Upload copies of any other relevant license ie. Traffic Management, First Aid, Confined Space, Electrical License, Working at Heights, National High Risk License etc.
